FREE Outreach event -

All levels welcome

Maximum participants: 98

Lise Orwig and Carrie Imai
will teach several different card structures
to use for the holidays and all year.

Carrie's cards:

Papers options to use:

- Arches Text Wove (my preference), or Canson or Strathmore Drawing Paper Pad, or any art paper that doesn't bleed and is heavier than writing weight but not as heavy as cardstock.

Place card or sign:

- White or cream colored paper cut to 4 ½" x 6 ½"
- Colored or patterned paper cut to 5" x 7"
- A hole-puncher
- X-acto knife
- A thin, straight stick, broken to 4" long
- A piece of cord, ribbon, raffia

An Accordion card - *If you want your card to be a holiday card, use wrapping paper for cover

- Accordion card - Any light-colored paper (that won't bleed with ink), cut to 12" x 4"
- Cover - A decorative paper (can be gift wrapping paper, light cardstock, Origami paper or similar) cut to 6 ½" x 4 ¼"
- Wooden chopstick or thin straight stick, cut to 4" OR 2 pipe cleaners – red & white
- Hole puncher
- Piece of thin ribbon or raffia

A Stick-bound Book

4 pages cut to 8 ½ x 5 ½ - can be papers with calligraphic marks or old worksheets or blank – folded in half – folded size 4 ¼ x 5 ½"

Narrow dowel, chopstick or tree stick, cut to 5"

A Pop-out Card

- 2 square pieces of paper 8 ½" x 8 ½" - can be colored or plain
- Cover – heavier paper cut to 4 ½" x 11"
- Scissors

Lise's cards:

Along the lines of a pop-up card, this **Turkish map fold** is a great way to share announcements or greetings of any kind. It can be made with text or photo or decorated paper.

Supplies Needed

- Card stock weight paper
- Text or photo, sized to 5" x 5" square of foldable paper.
- Glue stick
- Ruler
- X-acto knife
- Bone folder

Preparation

- Copy a photo you like, or text of your choice, print in a 5" square
- Cut cardstock to 6" x 13"

Flat Australian Reverse Piano Hinge

This simple method of folding and gluing makes for a variety of books and cards. All that is needed is paper that folds sharply, a ruler, an exact blade, and some glue.

Supplies Needed

- Paper: like craft paper, scrapbook paper or copy paper (for a mock-up) anything that will fold easily and sharply.
- Ruler
- Exacto knife
- Glue stick

Pre cut paper

- One long strip of 16" x 2"
- 1 piece cut 8 1/2" x 5 1/2" for single page card, (cut 3 for a booklet.)
- 1 piece (or 3 for booklet) 2" x 3"
